Task 4 — Professional Email Drafts

Email 1 — Requesting a Deadline Extension from a Professor

Subject: Request for Assignment Submission Deadline Extension

Dear Professor,

Hope you're doing well. I'm Atharv Bilaiya, a first-year B.Tech student (Reg. No. 25BAI10552) in your Digital Literacy class.

I wanted to reach out regarding the assignment due on [original deadline]. Due to [brief reason — e.g., a medical issue / an unexpected family situation], I haven't been able to finish it to the standard I'd like to submit.

I've already completed [mention progress, e.g., "roughly 70% of the work"] and I'm confident I can get it done properly by [proposed new date — e.g., 2–3 days from the original deadline].

I completely understand that deadlines are there for a reason, and I take full responsibility for making this request. I'd really appreciate it if you could consider giving me a short extension. Happy to discuss it further if needed.

Thank you for your time.

Yours sincerely,

Atharv Bilaiya

Email 2 — Expressing Interest in a Summer Internship

Subject: Application for Summer Internship Opportunity

Dear Jignesh Sharma,

Hope you're doing well. My name is Atharv Bilaiya and I'm currently in my first year of B.Tech in CSE AIML at VIT Bhopal University (expected graduation: 2025).

I'm writing because I'm interested in any summer internship openings at Microsoft. I'm looking to gain some real industry experience and contribute whatever I can while also learning from your team.

I know I'm only in my first year, but I've been putting in effort to build my skills in [mention 1–2 relevant areas, e.g., Python / data analysis / web development] and I've set up profiles on GitHub and LinkedIn to keep track of my progress. I pick things up fast and I'm genuinely motivated to contribute, even if it's in a support role to start with.

I've attached my resume. I'd love the chance to connect at a time that works for you.

Thanks for taking the time to read this.

Warm regards,

Atharv Bilaiya
